

AGGOLDENEYEC2

Armour Guard Purple Shaded Passive Lens

Features

- Crafted from high-quality glass, this passive lens offers exceptional durability and optical clarity for precision work.
- The purple shade on these lenses offer a decrease in the yellow flare of the arc, boosting your visibility on the job.
- Mirror coating enhances both protection and visual comfort by reducing glare, safeguarding your eyes.
- Conforming to ANSI Z87 standards, this lens guarantees reliable eye protection and enhanced visibility for welding professionals.

Technical Specifications

- **Material:** Glass
- **Coating:** Mirrored
- **Color:** Purple
- **Cartridge Size:** 50.8mm x 107.95mm (2" x 4.25")
- **Packaging:** Individually Packaged
- **Country of origin:** China

Item Name	Shade
AGGOLDENEYEC2H9	9
AGGOLDENEYEC2H10	10
AGGOLDENEYEC2H11	11
AGGOLDENEYEC2H12	12

Applications

- Designed for use with welding, heating, or cutting/gouging
- Manufacturing – Architectural and Structural Metals, Mining, Agricultural, Motor Vehicles, Aerospace, Shipbuilding and Pipelines
- Construction – Residential, Commercial, Bridges, Dams, Utilities, or any other industry where welders may work

Usage Instructions

- A passive lens does not change its shade automatically, so it's essential to select the right shade before starting the job.
- Ensure the lens is securely placed in the helmet's lens holder.
- After use, inspect the lens for cracks or deep scratches. Replace the lens if it shows signs of significant damage.
