- **Packaging:** Packaged Individually
- **Country of origin:** China
- **Size:** 18"
- **Jaw Capacity:** 8"
- **Throat Depth:** 9-1/2"

Applications

- Welding and Cutting
- Construction
- Automotive
- Construction
- Manufacturing

Usage Instructions

- Open the clamp by pulling the handles apart.
- Turn the screw to adjust the jaw opening for the size of the object.
- Position the jaws around the object to be clamped.
- Squeeze the handles together until the clamp locks securely.
- Use the trigger release lever to quickly disengage the clamp when needed.
- Adjust the screw to increase or decrease clamping pressure based on your needs.
- Ensure the object is securely held in place before starting any further work.
